MS Amendment  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

September 23, 2009

Dear Sir:

Further to our Amendment filed June 10, 2009 in response to Non-Final Office Action dated December 23, 2008, a typographical error was detected in the serial number shown on two of the Terminal Disclaimers filed along with the Amendment on June 10, 2009.

Applicants therefore now submit herewith two corrected Terminal Disclaimers containing the corrected serial number directed to U.S. Application No. 11/575,823 (rather than the previous, incorrectly listed 10/575,823), and respectfully request that these two corrected Terminal Disclaimers be considered and entered.

Applicants note that the Serial No. for the '823 Application contained a typographical error (on page 9) in one of the two citations in the Office Action dated December 23, 2009 which predicated the previous typographical error by Applicants. Accordingly, Applicants respectfully request waiver of the Terminal Disclaimer fees for the present filing of the two corrected Terminal Disclaimers; or, alternatively, a refund of the fees for the two Terminal Disclaimers which were previously filed with the Amendment on June 10, 2009 (if a fee should be currently due for the presently-filed disclaimers).

Further, Applicants request that the previous two Terminal Disclaimers filed June 10, 2009 directed to 10/575,823 not be entered or be otherwise stricken from the file history of the present application, and to be of no affect to the patent term of the present application.

In accordance with the foregoing, it is believed that no fees are due with this present filing of two corrected Terminal Disclaimers, and thus, no fees are transmitted.

However, should the Patent Office determine that fees are required with this current filing, the Commissioner is hereby requested and authorized to charge any such required fees to Deposit Account 04-0100.

Dated: September 23, 2009

Respectfully submitted,

By
